

To Whom it May Concern,

I am writing to encourage you NOT to expand the Low Power FM (LPFM) stations that could potentially take priority over current FM translator services, specifically the FM station of K-Love. I have listened to, and have been a financial supporter of K-Love for many years, and I and my family would be devastated if this station were forced off of the air. It is the only radio station we listen to, and we listen often, since we are in the car quite alot. I know I am not alone in my sentiments, as most of my friends listen to K-Love, and I know they have a listenership of over 2 million people. I believe it is in the publics best interest to keep K-Love on the air, as it is very hard to find a radio station that is "family friendly", and that my children like to listen to. They promote a safe, moral message to their listeners, which is more than most other stations can say. I appreciate your consideration in this matter and have confidence that you will make the right decision to allow K-Love to stay on the air, so that lives will continue to be changed and their positive message will continue to be promoted.

Thank you very much!

Sincerely,

Brittany N. Croft
